

GIANNA WU

To whom it may concern,

This letter is to express my interest in working at your company. Graduating with Bachelor of Arts degrees in Computer Science and Mathematics at Pomona College, I am confident that I will be an asset to your company.

I work well in a team, am a fast learner, and I have excellent time management. I have served as the student director for a non-profit organization called Camp Kesem for the past three years, where I managed a team of 15 students to ensure that projects are finished efficiently and smoothly. My team and I have successfully planned and financed three week-long summer camps for children whose parents have cancer. Additionally, I participate in my school's biannual Hackathons, where my team and I create original and innovative projects using skills learned just the night before. Lastly, in addition to classwork, jobs, and club activities, I am the captain of my varsity track and field team. I dedicate over 20 hours a week to practice and track meets, yet I am still able to handle all other tasks and assignments well. I assure you that my skills and motivation will be useful to your company.

I can be reached anytime via phone, (408)318-7616, or email at gianna7wu@gmail.com. Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Sincerely,
Gianna Wu
